

## Lithofin MN Easy-Clean

### Description

A special product from the LITHOFIN-Range for marble, natural and artificial stone (MN).

This mildly alkaline, ready-to-use cleaning product is based on high-quality natural soaps, cleaning and care additives.

Please Note: Lithofin MN Easy-Clean maintains and supports the protective effect of Lithofin MN Stain-Stop.

### Properties

Highly active components dissolve dirt, oil and grease and allow for easy and streak-free cleaning.

Special additives ensure that the protective effect of impregnators is not diminished with regular use.

The surface will therefore remain protected for a long time. Lithofin MN Easy-Clean leaves a pleasant odour.

#### Technical Data:

Density: ca. 1.0 g/cm<sup>3</sup>

pH-Value: approx. 8

Appearance: liquid, colourless, clear

Odour: fresh

Solubility in water: good, complete

### Field of Use

For regular, every-day cleaning of all small natural stone and quartz surfaces such as kitchen work tops, table tops and in sanitary areas. Specially formulated for use on marble and limestone. Also suitable for ceramics, glass and plastic surfaces.

### Directions for Use

Spray Lithofin MN Easy-Clean on the entire surface. Allow the product to work briefly, then wipe the surface with a cloth. Surface may have to be buffed with a dry cloth.

Please Note: do not spray on hot surfaces.

Coverage: up to 20m<sup>2</sup> per bottle.

For more stubborn dirt we recommend Lithofin MN Power-Clean.

### Storage

Cool and closed. Not above 25°C; can be stored for up to 3 years.

### Recommendation

Natural stone floors should be cleaned regularly with Lithofin MN Easy-Care.

### Environmental Protection

Surfactants are biologically degradable according to WRMG. Does not contain phosphates.

Bottle is made from environmentally friendly polyethylene and can be recycled. Empty containers which are clean or have dried out may be recycled through collection systems. Please see label for details.

### Safety

Keep out of reach of children. No health concerns according to LGA Nuremberg.

Ingredients: < 5 % anionic surfactants, auxiliary agents.

Labeling according to VO(EG) Nr.1272/2008(CLP): none.

Additional information is listed on the Material Safety Data Sheet.

ADR2015: Labeling for transport		
Unit	Label	Notes on freight papers
a, b	--	none

### Packaging
