The 750mm Stratford wall mounted fluted vanity has been designed to bring a new style of luxury in a compact size for your bathroom. Featuring a natural ash finish with a square design, these bathroom cabinets include handcrafted elements with a unique panelling façade on the exterior draw face. These fluted vanities are ideal for ensuite's or main bathroom's as they feature

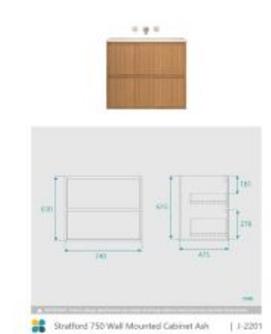

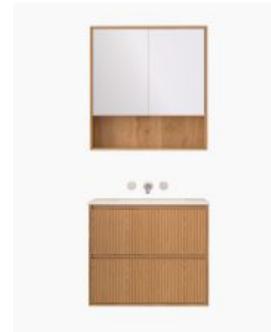

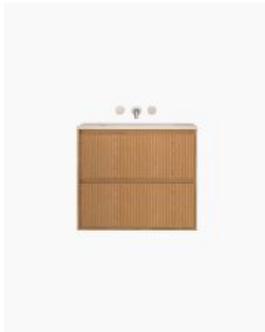

a wall hung installation that maximises floor area for a spacious and high end feel.

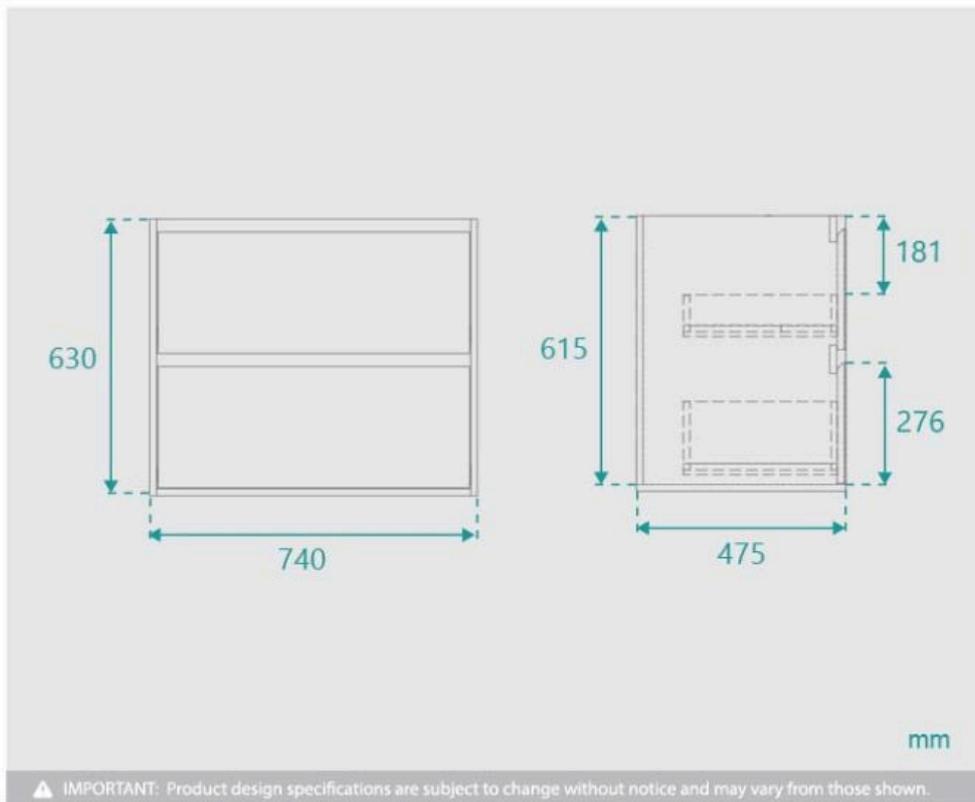

The Stratford vanity range include an undermounted basin that places under a range of stone tops finishes to suit your overall bathroom aesthetic.

With two pull to open drawers on the main draw face, no space is wasted in this premium compact vanity that will assist with your everyday bathroom needs. Constructed in moisture resistant plywood then veneered with natural ash, bringing a calming and opulent style to your home.

Please note that stone and timber samples may differ from the actual product due to natural variations and batch differences. Colours displayed online may appear different due to screen settings. Standard stone and timber benchtops are supplied without holes, allowing for installation flexibility unless you choose to add tap and waste hole options to your order when selecting your benchtop. For ceramic products, specifications must allow +/- 10 mm tolerance for manufacturing variance, it is recommended to use measurements of the actual product received.*

***This hole cutting service is exclusively available with Fontaine's benchtop products only. If your benchtop is in stock, the lead time for this service is 5 business days, please add an additional 5 business days to the estimated arrival date (ETA) for out of stock products. We will provide general recommendations for standard tap hole and waste positions to ensure compatibility with your vanity. Custom positions can be accommodated; however, please be aware that the buyer will be responsible for any discrepancies, as Fontaine cannot be held liable for issues arising from custom placements. A template will be provided for your approval before we proceed with the hole cutting process. Once approved, the cutting positions will be final. This service is classified as a special order, Fontaine cannot accept returns or refunds for any benchtop services or products once the templates have been approved and signed off.*
