This streamlined shower grate is made from brass. It is designed to be installed in showers with a tile base.

Our shower grate can be installed in shower areas to provide drainage for overflow water. Installed with the correct fall, this can make wet areas around your home safer and easier to maintain. The compact length makes this shower grate ideal for smaller areas, or when you want the grate to be discreet. Additionally, this shower grate comes fitted with a hair catcher to aid in your shower experience.
