The Missouri is a stylish and impressive toilet suite, featuring a streamlined design and gloss white finish. It features a unique rimless design with a high end Geberit flush system for an easier to clean toilet. At the convenience and simplicity of no rim, the rimless toilet makes for a significantly easier clean. With a direct flush technique, the flush washes the entire pan more efficiently stopping the build-up of grime, bacteria and limescale that would be found in toilets with a rim.

P Trap - 180mm

S Trap - 90-200mm range P to S Trap converter (included)

See item image for specification information

\* inwall cisterns, valves, seats, button assembly, links, flush pipes and other internal components which carry a 3 year replacement warranty.

\*Please note that for ceramic products, specifications must allow +/- 10 mm tolerance for manufacturing variance, it is recommended to use measurements of the actual product received. Colours displayed online may appear different due to screen settings.

<p><b>Hygiene</b> Rimless toilet allows a superior flush as the strong jets of water sweep across the rimless surface to clean &amp; reduce the number of germs &amp; bacteria.</p>	<p><b>Quality Flushing</b> The inner surface of the toilet pan is completely exposed which allows for more effective flush &amp; reduce the chance of germs.</p>
<p><b>Soft Close</b> A soft close seat will allow the seat to close smoothly when pushing or pulling, to prevent any noise or damage caused to the seat and the seat &amp; cover closing.</p>	<p><b>User Friendly</b> Equipped with dual release systems that allow the seat to be raised from the side or the front of the toilet.</p>
<p><b>Easy To Clean</b> The rimless toilet has been specifically designed to resist dirt, germs, mould &amp; odours. The smooth surface is easy to clean ensuring a pristine looking toilet that never gets old.</p>	<p><b>Water Efficient</b> The rimless toilet uses dual flush system (one click) which uses the amount of water required for flush &amp; they reduce water usage while providing efficient washdown.</p>

The more stars the more water efficient
