The Missouri is a stylish and impressive toilet suite, featuring a streamlined design and gloss white finish. It features a unique rimless design with a high end Geberit flush system for an easier to clean toilet. At the convenience and simplicity of no rim, the rimless toilet makes for a significantly easier clean. With a direct flush technique, the flush washes the entire pan more efficiently stopping the build-up of grime, bacteria and limescale that would be found in toilets with a rim.

P Trap - 180mm

S Trap - 90-200mm range P to S Trap converter (included)

See item image for specification information

* inwall cisterns, valves, seats, button assembly, links, flush pipes and other internal components which carry a 3 year replacement warranty.

*Please note that for ceramic products, specifications must allow +/- 10 mm tolerance for manufacturing variance, it is recommended to use measurements of the actual product received. Colours displayed online may appear different due to screen settings.

<p>Hygiene Rimless toilet allows for a superior flush as the design goes a further way allowing the cleaner spray to reach the entire interior surface of the bowl.</p>	<p>Quality Flushing The inner surface of the bowl creates a powerful upward water action for more effective flush & reduce clogging caused by accumulation of gunk.</p>
<p>Soft Close A soft close seat will allow the seat to close smoothly when someone sits down, preventing the sound of the seat slamming and the noise of the seat hitting the floor.</p>	<p>User Friendly Equipped with dual release systems that allow the seat to be raised from the front or rear, making it easier to use for those with limited mobility.</p>
<p>Easy To Clean The rimless design has been specifically designed to resist dirt, grime, mould & odours. The smooth surface is easy to clean ensuring a pristine looking toilet that never gets old.</p>	<p>Water Efficient The rimless and rimless toilet flush system can flush toilet with the amount of water required to flush & they reduce water usage while providing efficient washdown.</p>

The more stars the more water efficient
