The in-wall or concealed cistern Baltimore suite is the most premium in the Baltimore range, and will result in the most superior high-end look once installed. The hidden flush creates an uncluttered, hotel like luxury that can also make the space feel bigger. The in wall cistern is available in various button options to perfectly match with the rest of your bathroom design.

Featuring a streamlined design, gloss white finish and a pan that is floor standing. At the convenience and simplicity of no rim, the rimless toilet makes for a significantly easier clean inside the pan. With a direct flush technique, the flush washes the entire pan more efficiently stopping the build-up of grime, bacteria and limescale that would be found in toilets with a rim. The concealed cistern means there is no space behind the pan or around the cistern for dust and grime to accumulate, making cleaning the exterior of the toilet a lot easier.

P Trap - 180mm

S Trap - 90-150mm P to S Trap converter (included)

See item image for specification information

* inwall cisterns, valves, seats, button assembly, links, flush pipes and other internal components which carry a 3 year replacement warranty.

*Please note that for ceramic products, specifications must allow +/- 10 mm tolerance for manufacturing variance, it is recommended to use measurements of the actual product received. Colours displayed online may appear different due to screen settings.

Hygiene
The rimless design allows for a superior flush on the entire bowl, effectively cleaning the entire surface to help reduce the risk of germs & bacteria.

Quality Flushing
The rimless design of the toilet provides a completely superior flush to ensure efficient flushing & reduce the amount of water used to clean the bowl.

Soft Close
Soft close seat with the seat & cover to close slowly, avoiding any damage to the toilet or any noise. It is also a great feature for the safety of the user & visitors.

User Friendly
Designed with easy access to the toilet for the elderly & disabled. The toilet is also easy to clean & maintain.

Easy To Clean
The high gloss finish has been specifically designed to help with cleaning, making it easy to clean & maintain. The smooth surface is easy to clean & maintain, making it a great choice for public restrooms.

Water Efficient
The toilet and shower dual flush system provides a dual flush option, allowing the user to choose between a full flush or a half flush to help reduce water usage while providing efficient flushing.
