The Missouri wall hung toilet suite is designed so that the cistern is installed inside the wall, it will give your new bathroom the ultimate modern finish. It's concealed cistern gives you that streamlined look as it leaves you with an uninterrupted view of the room, maximizing the space left in the room and exerting luxurious ambiance. With a premium gloss white finish, it is an elegant yet contemporary piece that levels up the sophistication and luxuriousness of your bathroom.

This complete set includes a unique rimless design with a better flush system for an easier to clean toilet. The easy release seat & lid means you can easily remove the seat and lid at a press of a button for easier cleaning, the hardened material is of superior quality for durability and comfort. At the convenience and simplicity of no rim, the rimless toilet makes for a significantly easier clean. With a direct flush technique, the flush washes the entire pan more efficiently stopping the build-up of grime, bacteria and limescale that would be found in toilets with a rim.

P Trap – 180mm

See item image for specification information

\* inwall cisterns, valves, seats, button assembly, links, flush pipes and other internal components which carry a 3 year replacement warranty.

<p><b>Hygiene</b> Rimless toilets allow for a superior flush as the design goes a further way allowing the rimless design to clean the entire interior surface of the bowl &amp; fixtures.</p>	<p><b>Quality Fixing</b> The inner surface of the toilet pan is protected against water attack for longer lifespan. Rimless &amp; rimless designs are fixed by a combination of grout.</p>
<p><b>Soft Close</b> A soft close seat will allow the seat to close smoothly when pushing or pulling, preventing any damage to the seat &amp; cover. Ideal for the comfort of all users &amp; easier cleaning.</p>	<p><b>User Friendly</b> Equipped with dual release systems that allow the seat to be easily lowered to the desired level of opening.</p>
<p><b>Easy To Clean</b> The rimless design has been specifically designed to resist dirt, stains, mould &amp; odours. The smooth surface makes for clean, easy-to-maintain looking toilet that works for years.</p>	<p><b>Water Efficient</b> The rimless and rimless toilet flush system also offers water efficiency for the amount of water required to flush. They reduce water usage while providing efficient washdown.</p>
