The in-wall or concealed cistern Missouri suite is the most premium in the Missouri range, and will result in the most superior high-end look once installed. The hidden flush creates an uncluttered, hotel like luxury that can also make the space feel bigger. The in wall cistern is available in various button options to perfectly match with the rest of your bathroom design.

Featuring a streamlined design, gloss white finish and a pan that is floor standing. At the convenience and simplicity of no rim, the rimless toilet makes for a significantly easier clean inside the pan. With a direct flush technique, the flush washes the entire pan more efficiently stopping the build-up of grime, bacteria and limescale that would be found in toilets with a rim. The concealed cistern means there is no space behind the pan or around the cistern for dust and grime to accumulate, making cleaning the exterior of the toilet a lot easier.

P Trap - 180mm

S Trap - 90-150mm P to S Trap converter (included)

See item image for specification information

* inwall cisterns, valves, seats, button assembly, links, flush pipes and other internal components which carry a 3 year replacement warranty.

*Please note that for ceramic products, specifications must allow +/- 10 mm tolerance for manufacturing variance, it is recommended to use measurements of the actual product received. Colours displayed online may appear different due to screen settings.

Hygienic
Rimless toilets offer a superior flush as the strong jets of water spray directly to the maximum degree to leave 0% of the rim vulnerable to grime & bacteria.

Quality Flushing
The inner surface of the toilet pan is completely smooth with no joints or ridges to allow for efficient flushing & reduce the amount of water required to clear the pan.

Soft Close
It soft close seat ball after the seat is closed to prevent noise, minimize air splashing & prevent the seat from being pulled up by the action of the water to prevent cleaning.

User Friendly
Designed and easy install system that allows the user to be able to use the toilet pan for comfortably without the need for cleaning.

Easy To Clean
The high gloss finish has been specifically formulated to resist dirt, staining, mould & odours. The smooth surface is easy to clean making a perfect working toilet that lasts for years.

Water Efficient
The soft and strong dual flush system provides control over the amount of water used in each flush to help reduce water usage while providing efficient results.
