**Selecting different options may change these dimensions, please refer to the specification images.*

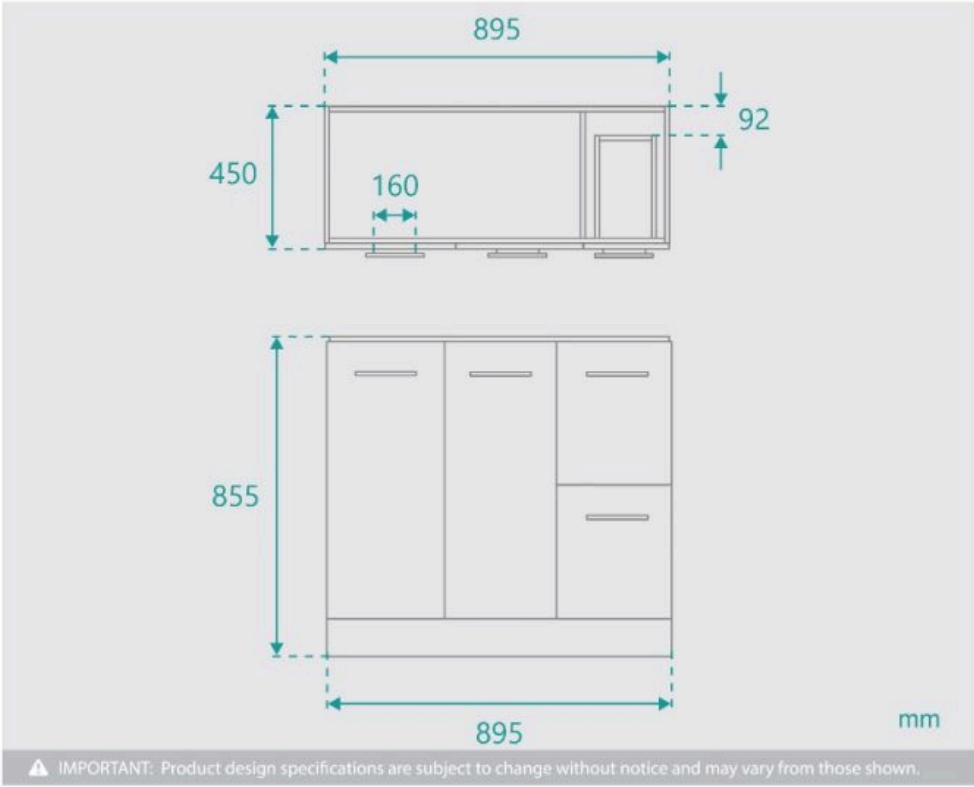

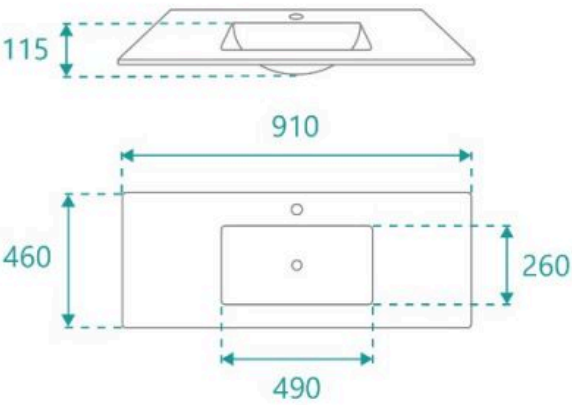

The Alexis range is contemporary in design featuring sleek clean lines. The ceramic basin and top has a pronounced recessed bowl to allow for maximum bench space for all things bathroom. The cabinet has stainless steel handles, two drawers and two doors with an adjustable shelf inside.

Tap and waste fittings shown in the photos are for illustration purposes only and are sold separately, add them to your order to complete your look.

Please note that stone and timber samples may differ from the actual product due to natural variations and batch differences. Colours displayed online may appear different due to screen settings. Standard stone and timber benchtops are supplied without holes, allowing for installation flexibility unless you choose to add tap and waste hole options to your order when selecting your benchtop. For ceramic products, specifications must allow +/- 10 mm tolerance for manufacturing variance, it is recommended to use measurements of the actual product received.*

***This hole cutting service is exclusively available with Fontaine's benchtop products only. If your benchtop is in stock, the lead time for this service is 5 business days, please add an additional 5 business days to the estimated arrival date (ETA) for out of stock products. We will provide general recommendations for standard tap hole and waste positions to ensure compatibility with your vanity. Custom positions can be accommodated; however, please be aware that the buyer will be responsible for any discrepancies, as Fontaine cannot be held liable for issues arising from custom placements. A template will be provided for your approval before we proceed with the hole cutting process. Once approved, the cutting positions will be final. This service is classified as a special order, Fontaine cannot accept returns or refunds for any benchtop services or products once the templates have been approved and signed off.*

⚠ IMPORTANT: Product design specifications are subject to change without notice and may vary from those shown.
