The Oxley Frameless shower screen is the ultimate look of luxury and style. The frameless design creates a clean modern look which allows attention to be drawn towards other feature pieces such as a freestanding bath or tile design. Another benefit of a frameless shower screen is that they're easier to clean with fewer crevices for soap scum and mould to grow. Made from 10mm toughened glass your shower not only has a clean finish, but is designed to reduce the potential for water leakage. The discreet door handle provides all the functionality and elegance desired.

Shower base and other fittings shown in the photos are for illustration purposes only and are sold separately, add them to your order to complete your look.

***This screen is designed smaller to allow for a variety of finishes & to fit into appropriate shower base. Please ensure that your installer takes into consideration checkout, sheeting, tile thickness, glue etc to ensure a compatible fit with your selected finishes & base.*
