The Custodian Smart Toilet seat is innovative technology made to provide greater ease for your bathroom experience.

Experience the modern technology in the comfort of your own home. Functions of this bidet smart toilet seat feature the ability to control the flush volume, seat and water temperature control and it also features a night light.

The nozzle built into the seat allows for sufficient self cleaning and self hygiene to clean and dry at your convenience.

Toilet pan fittings shown in the photos are for illustration purposes only and are sold separately. Add them to your order to complete your look!

Please note that this toilet seat will need an additional water and power outlet to function which will require the work of a registered plumber and electrician.

See image specification for details.

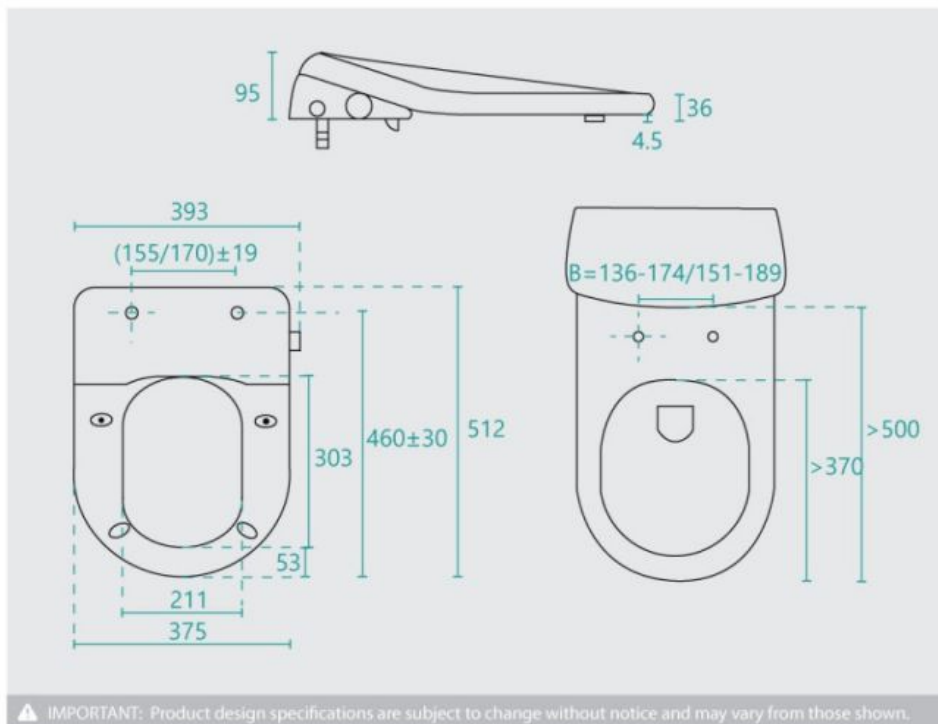

Installation size: A=425±30 B-155±19

Suits: Indiana (TS-2008) & Pasadena (TS-2013).
