Illuminate your bathroom with the LUMIRA range of LED mirrors. An LED mirror is a must have for any stylish and modern person, as good lighting is essential for getting ready and looking your best.

The Quincy LED mirror comes fully framed in brushed matte black. The unique combination of square and oval shapes makes this 'squoval' mirror ultra-chic and trendy, which is sure to make a statement in your bathroom.

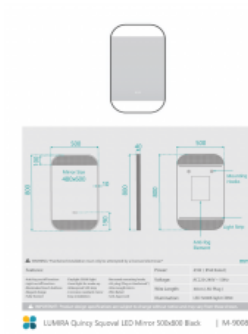

With anti-fog technology, your Quincy LED Mirror will not only light up your space but add convenience to your morning/night routine. No more annoying fogged up mirror when you get out of the shower! For added practicality there is no light spilling from the back, which focuses the illumination on your face.

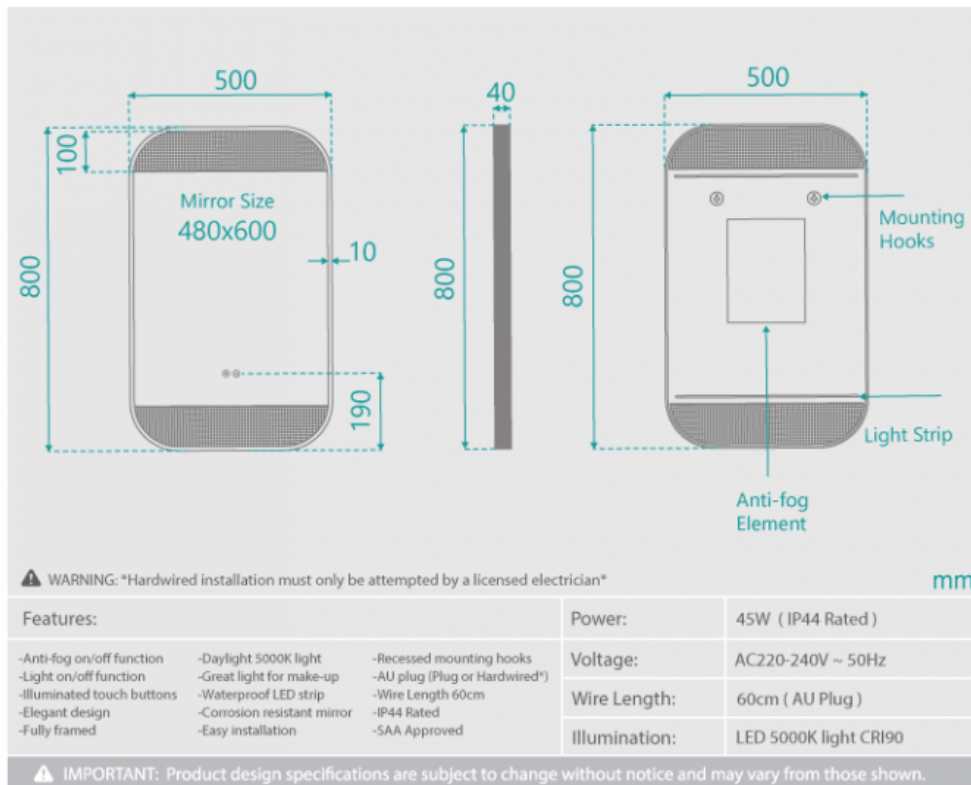

Other features include 5000K LED light which is the optimal brightness for face illumination as it best replicates natural daylight. See colour temperature chart in images for further information on 5000K light.

Enjoy sleek illuminated touch buttons with standby option. Easy to mount yourself with AU plug or hardwired by a licensed electrician.

****Hardwired installation must only be attempted by a licensed electrician.**
