Can't find prebuilt vanity to suit your requirements? The Teseller Modular Cabinets will allow you to design your very own unique bathroom vanity to perfectly suit your needs. This clever range of cabinets offers endless combinations to help you tailor your bathroom vanity and achieve the size and configuration that best fit your space.

To create your very own custom vanity, choose the combination of modular cabinets to achieve the size you require while choosing the drawer configuration to best suit your needs. You may choose to top off your design with a compatible benchtop from our extensive range of vanity benchtop options. Then to finish your creation, add your perfect basin or basins as required.

You can now achieve a unique vanity combination completely designed by you! The most exciting part is that you can do all of this without a hefty custom vanity price tag.

Our modular cabinets are constructed and are ready to be installed, making the installation a breeze. The cabinet carcasses are designed to be fixed to one another to build up the vanity to the required size. To complete the look, choose your selection of benchtop and basins to finish off your dream vanity suite.

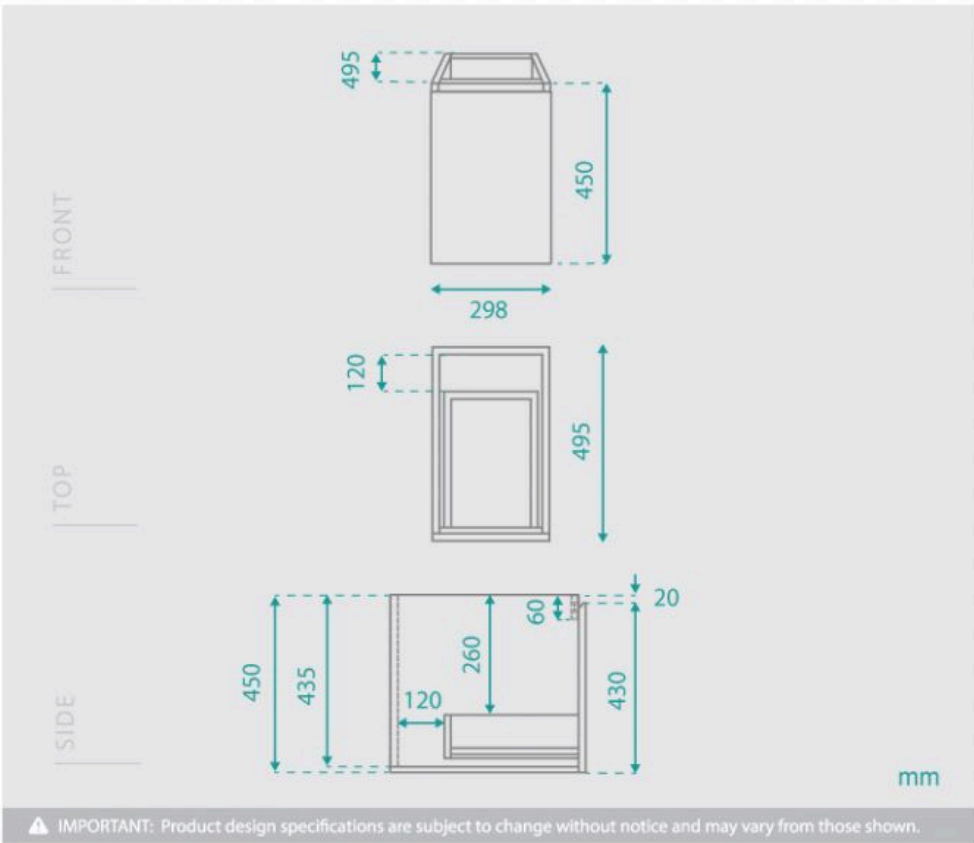

It's now even easier to match the bathroom cabinets throughout your renovation and help keep your home looking cohesive. Check out the other size cabinets, available in 600, 750 & 900mm.

*View our store today to find the perfect basin, benchtop, tapware and waste to complete your designer look.*

*\*Please note that stone and timber samples may differ from the actual product due to natural variations and batch differences. Colours displayed online may appear different due to screen settings. Standard stone and timber benchtops are supplied without holes, allowing for installation flexibility. Custom stone benchtop orders will be dispatched within 15 business days. For ceramic products, specifications must allow +/- 10 mm tolerance for manufacturing variance, it is recommended to use measurements of the actual product received.*
