Warranty: 5 Year Product Warranty

Our Shower wall panel black sense 1200 is the perfect balance of aesthetic and functionality that provides you with an innovative room solution over traditional tiles. The shower panels are easy to install, making a quick and effective way to revamp your bathroom without the hard work required for tiling and grout. These decorative wall panels can be installed over old tiles, so you can save time and money on projects with tight deadlines and budgets.

These panels can be installed side by side to create a full wall solution, using a specialised 'tongue and groove system' these panels will make a watertight covering that is a breeze to install. When installed, our shower wall panels provide premium and unique looks that are sure to make a statement, choose from our organic range of decorative finishes to customise your bathroom space into a modern retreat for a fraction of the cost. The shower panels are durable and easy to maintain, they are resistant to mould, mildew, dents and cracks, cleaning becomes a breeze with no grout lines that can catch soap residue or chip away in time.

To install the patterned wall liners, additional panels will click together, so you will need to measure up the required amount of panels. To finish off the span you will need to install the trim edge and you may also utilise a trim corner depending on your application.
