**Selecting different options may change these dimensions, please refer to the specification images.*

The Stonehenge vanity unit is not only unique and charming in design but has an abundance of storage space with its deep drawers. Featuring a solid natural stone top which is strong and rich in natural beauty, the stone top still has adequate bench space. Its true beauty lies with the delicately shaped over the top ceramic basin. The cabinet has two soft closing drawers, and still has required plumbing space behind for easy installation. Tap and waste fittings shown in the photos are for illustration purposes only and are sold separately, add them to your order to complete your look.

The stone/timber top samples shown may vary from the actual product as each will have its own natural characteristics. Please also note that your monitor may display colour differently. Natural variations must be expected in timber. No holes are drilled in timber tops for greater installation flexibility. Stone top upgrades will be available for dispatch within 15 business days.
