The Lorna Wall to Wall shower screen provides a sleek frameless door with a durable frame to support the enclosure. Another wonderful benefit of the Wall to Wall frame shower screen is that while offering a modern appeal it is also easier to clean than a completely framed screen, with fewer nooks and crannies for mould and soap scum to build as it is fully framed. The 6mm toughened glass offers a clean finish that completes any bathroom style. This shower screen allows for the width to be adjustable, which makes this easy to install in the most difficult cases.

Shower base and other fittings shown in the photos are for illustration purposes only and are sold separately, add them to your order to complete your look.

***This screen is designed smaller to allow for a variety of finishes & to fit into appropriate shower base. Please ensure that your installer takes into consideration checkout, sheeting, tile thickness, glue etc to ensure a compatible fit with your selected finishes & base.*
