The Ambulant Back To Wall Toilet is a stylish and impressive toilet suite, featuring a streamlined, rimless design and white gloss finish. This toilet can be installed to comply with AS1428.1 and used as an ambulant toilet for residential and commercial properties. The height of the toilet pan is extended for easier access. The short projection is perfect for installing in small and tight spaces.

The rimless design combined with a direct flush technique provides a more efficient clean, stopping the build-up of grime, bacteria and limescale that would be found in toilets with a rim. Its design is unique and an additional statement piece for your bathroom.

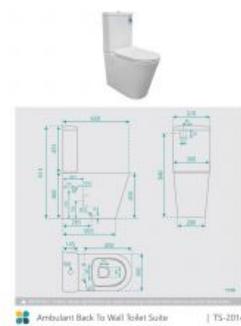

P Trap - 180mm

S Trap - 90-190mm range P to S Trap converter (included)

See item image for specification information

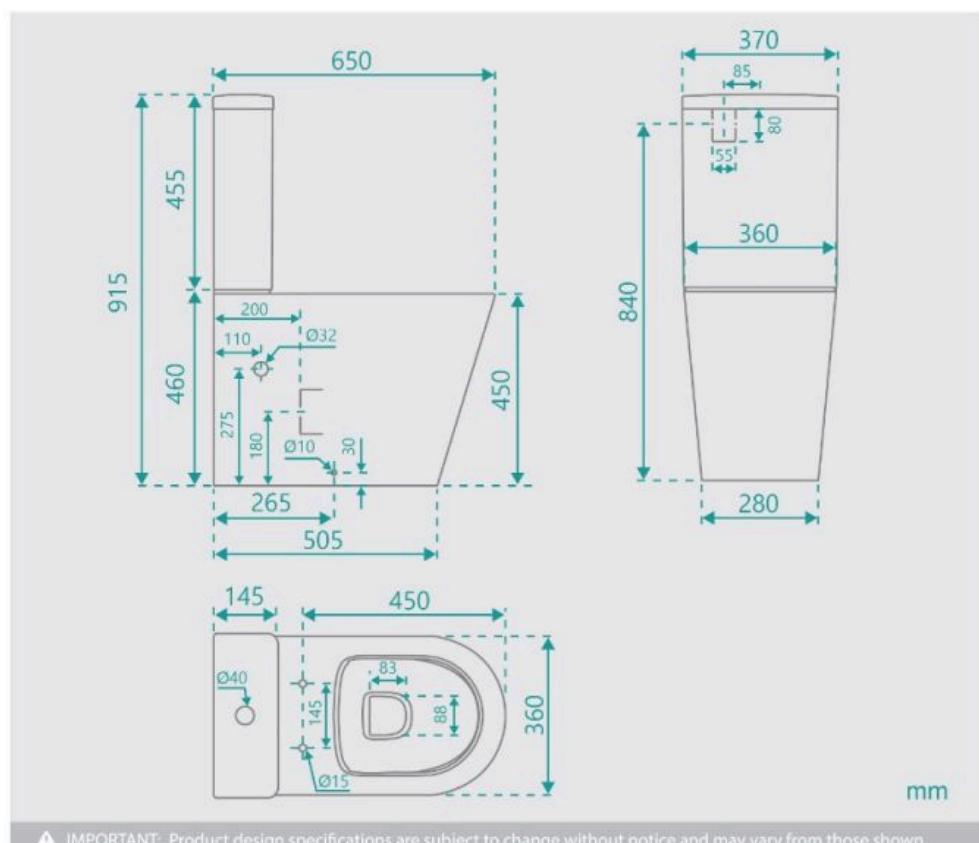

*inwall cisterns, valves, seats, button assembly, links, flush pipes and other internal components which carry a 3 year replacement warranty.
